Programs**

OBSSR Mission

- Increase scope of and support for Behavioral and Social Sciences Research (BSSR).
- Inform NIH leadership and community about BSSR.
- Represent NIH to BSSR community.
- Disseminate BSSR information to NIH and the public.

OER.NIH.GOV

- LOOK UP SMALL BUSINESS(sbir)
- (set-asides)
- And THEN LOOK UP POWERPOINT!!!!

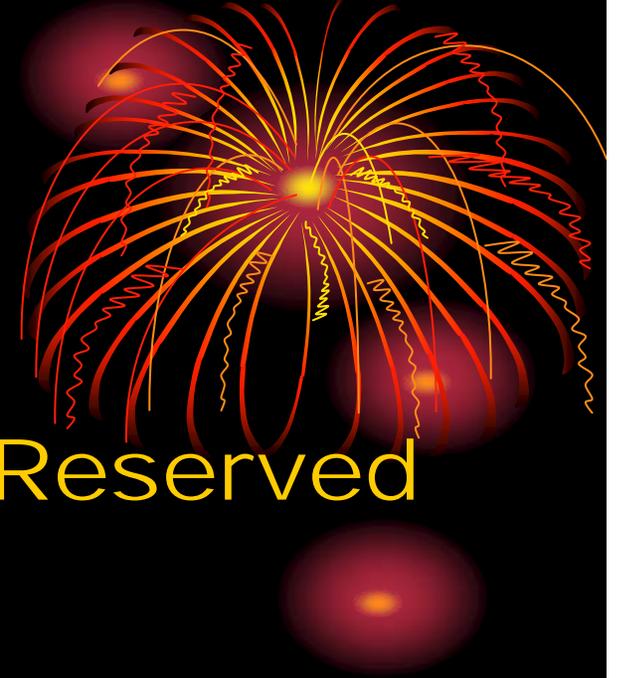

SBIR/STTR

Research Opportunities Reserved
for Small Business:

Small Business Innovation
Research (SBIR) Program

Small Business Technology
Transfer (STTR) Program

Major SBIR/STTR points

- Small business development: federal R&D
- Commercial potential
- Cooperative R&D between small business and U.S. research institutions
- Phase I (\$100K) feasibility, one year; Phase II (\$500-750), two year and-Phase III, commercial.
- Different by Institute- look for interests

More points

- Organized for profit – only U.S.
- At least 51% owned by individuals
- <500 employees; PI primary employment
- High % success, seed money, not a loan

25 page proposals

Technical merit, firms qualifications,
commercial benefit and societal
benefit
