Questions from the Public

Submit questions and comments to ACRWH,
ACRWH@nih.gov

Reminder: Special Government Employees (SGE)

- Subject to the same ethics rules that apply to government employees
- Rules located in “Standards of Ethical Conduct for Employees of the Executive Branch”
- ACRWH members are required to disclose any real, potential, or apparent conflict(s) of interest
- ACRWH members may not engage in any lobbying activities while attending committee meetings of ACRWH-sponsored events

How to participate in today's meeting

- Please mute your microphone if you are not speaking
- When speaking, please state your name before making comments, motions, or recommendations
- If in-person, please make sure your microphone is on when speaking. Please refrain from dragging the microphone across the table, and please do not lean back when speaking into the microphone
- If online, please try to use a headset with a microphone when speaking. That will usually result in the clearest sound and provide the least amount of audio feedback
- If you have a question or would like to make a comment, please raise your hand
- When indicated, members will vote by raising their hands. We will take votes to accept, reject, and abstain separately. Please raise your hand in accordance with your response. For online attendees, we will share the Zoom gallery screen during this time to also view your vote

Attendance and Introductions

2024 Retiring Members

Reshma Jagasi, M.D., DPhil
Emory University School of
Medicine

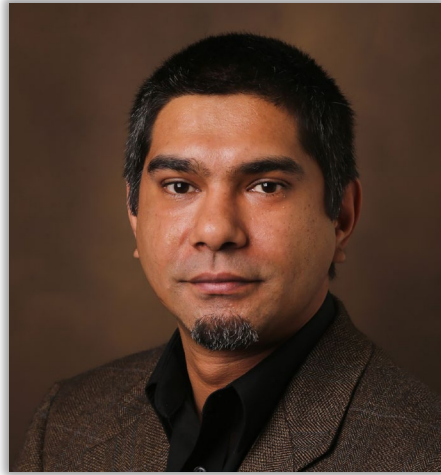

Yoel Sadovsky, M.D.
University of Pittsburgh
School of Medicine

Kimberly J. Templeton, M.D.
University of Kansas Medical
Center

Pending ACRWH Members

Ayush Giri, Ph.D.
Vanderbilt University
Medical Center

Aza Nedhari, M.S.
Mamatoto Village

Ighoverha Ofotokun, M.D.
Emory University

Fatima Stanford, M.D.
Harvard University

60th Meeting Minutes Approval

ACRWH Member Vote to Accept the NIH-Wide Strategic Plan for Research on the Health of Women 2024-2028

Roadmap of five (5) Strategic Goals and six (6) Cross-cutting Themes aligned to guide and inform NIH-supported research on diseases and health conditions that affect women

Guiding Principles

- Consider the complex intersection among multiple factors that affect the health of women
- Include diverse populations of women in clinical research
- Integrate perspectives from a diverse workforce of scientists with differing skills, knowledge, and experience

- **Strategic Goal 1:** Research
- **Strategic Goal 2:** Data Science and Management
- **Strategic Goal 3:** Training and Education
- **Strategic Goal 4:** Basic and Translational Science
- **Strategic Goal 5:** Community Engagement

Cross-cutting Themes and Specific Topics

- Comorbidity and Multimorbidity
- Interdisciplinary Collaboration
- Precision Medicine
- Inclusion of Women and Girls in Clinical Studies
- Sex and Gender Differences Research
- Preventive Care and Services
